

PROVINCE OF BATAAN · DEPARTMENT REPORT

OFFICE OF THE PROVINCIAL POPULATION OFFICER

From Human Numbers to Human Lives

— *Masayang pamilya, maunlad na komunidad.*

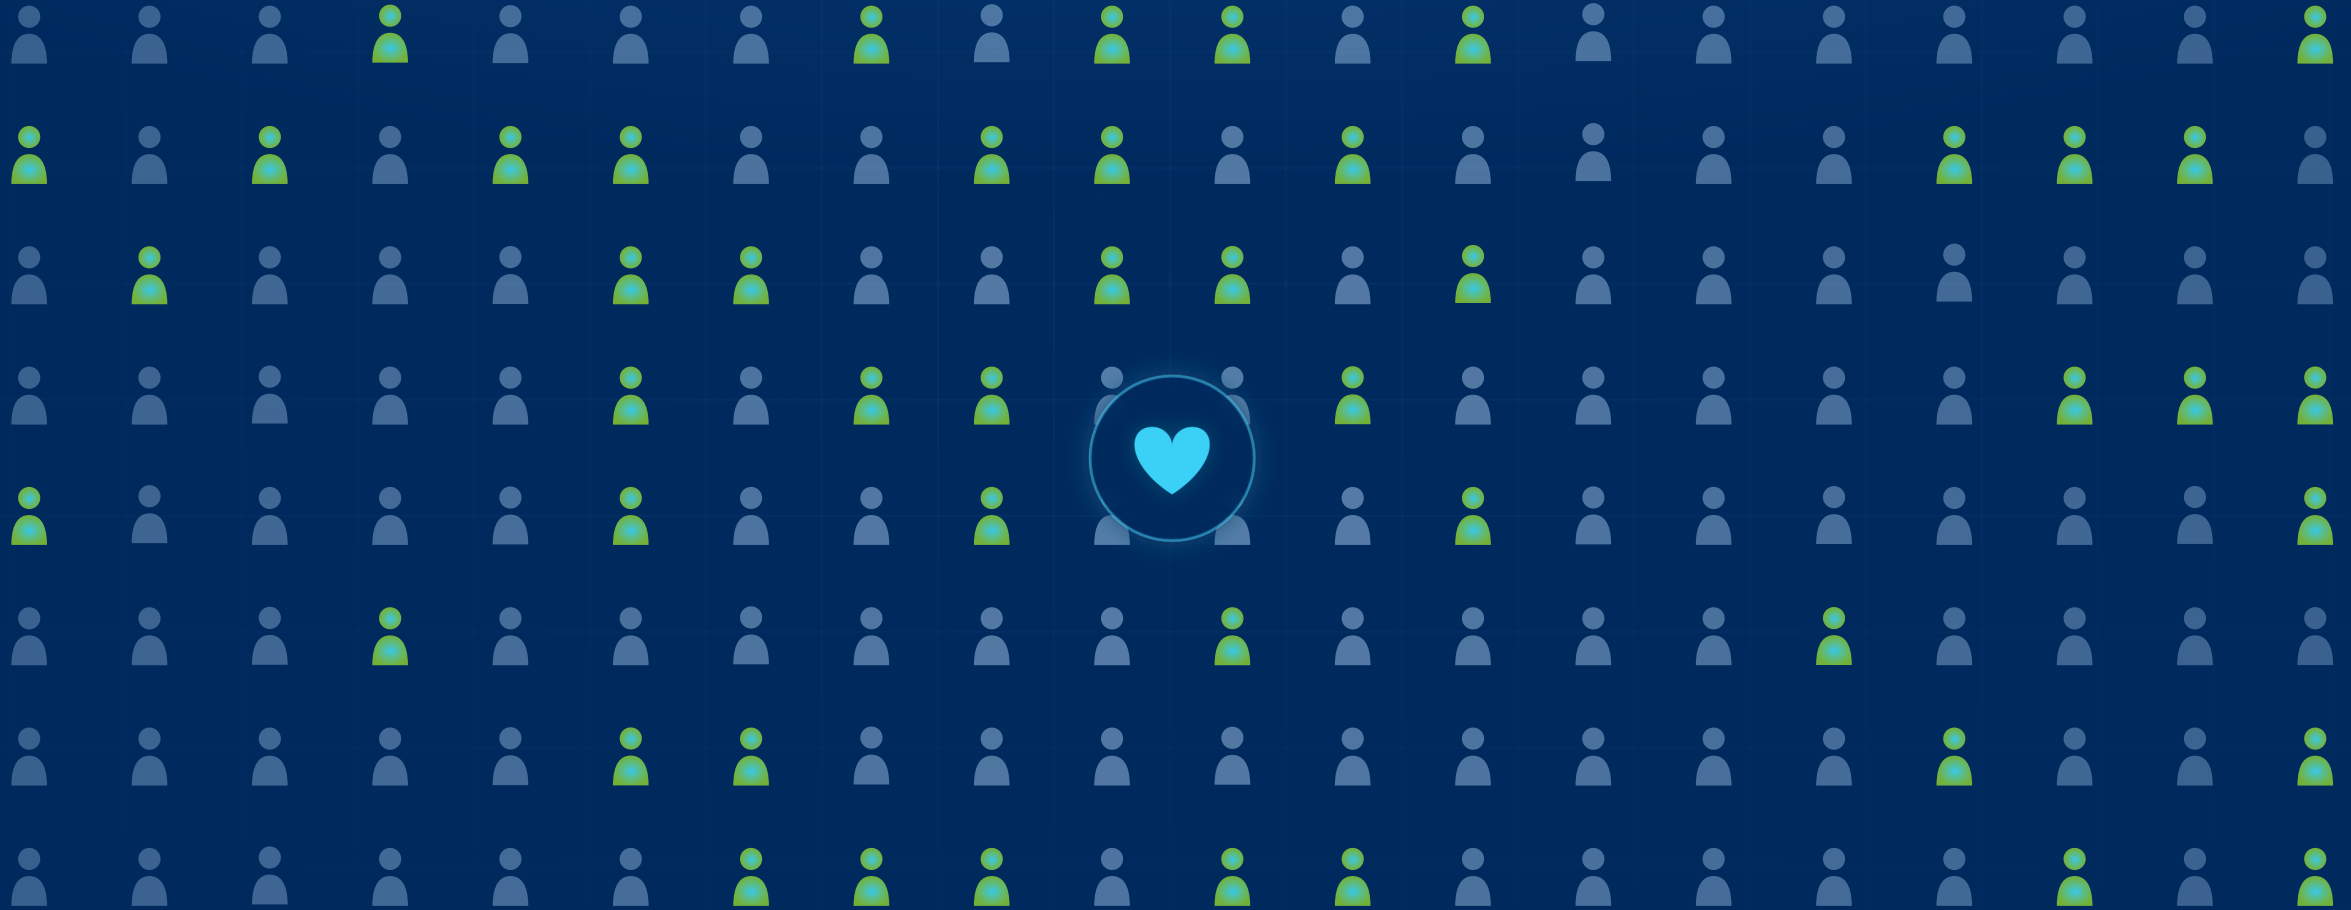

OFFICE OF THE PROVINCIAL
POPULATION OFFICER ·
BATAÑO PASS PROGRAM

I · OPENING

Population is not simply about how many people we have.
It is about who our people are.

How they are living · what opportunities are available to them · and how government can
respond to their changing needs.

Every figure we hold is a person we serve

HUMAN NUMBERS —————> HUMAN LIVES

Dahil sa Lalawigan ng Bataan,
Tao ang Puso ng Pag-unlad.

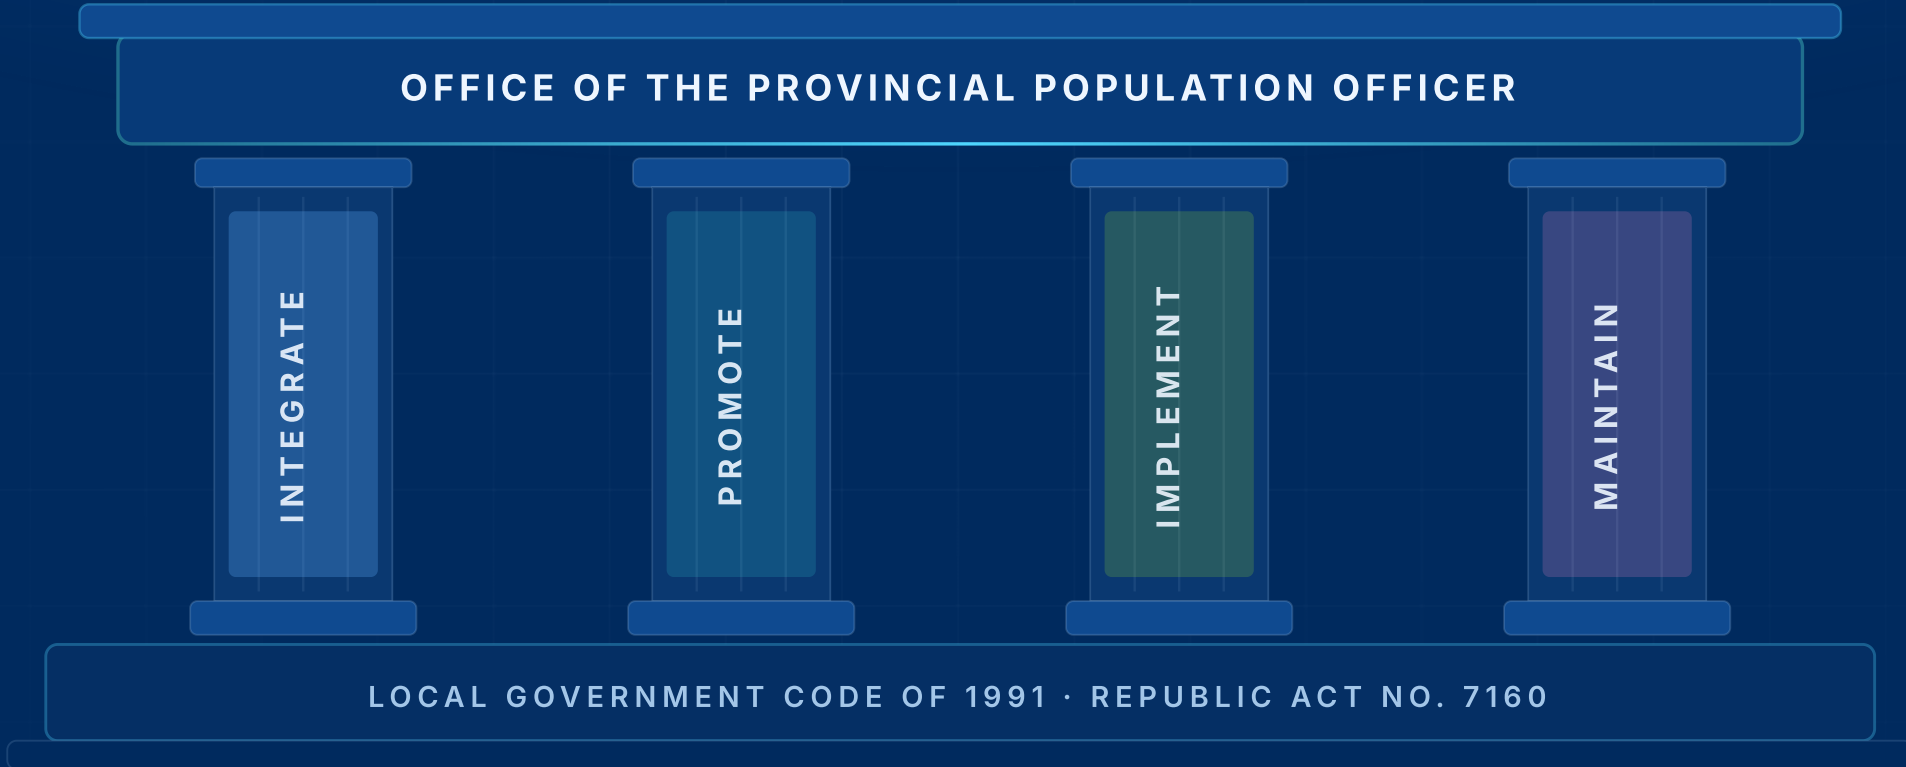

MANDATE

Mandate, POPDEV evolution and the PPD-POA framework

What the law asks of this Office — and how that ask has changed.

Four functions, one foundation

INTEGRATE

POPDEV principles into provincial policies, strategies and development plans

PROMOTE

Responsible parenthood and family well-being

IMPLEMENT

Localized and responsive capacity-building initiatives

MAINTAIN

A comprehensive population databank for evidence-based planning

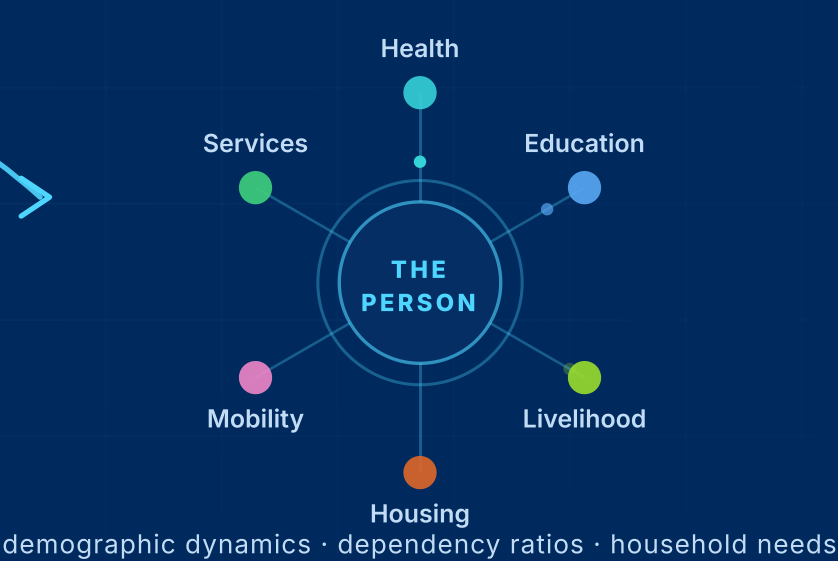

From population management to POPDEV

POPULATION MANAGEMENT HISTORICAL

PPD-POA 2023-2028

POPULATION & DEVELOPMENT PRESENT

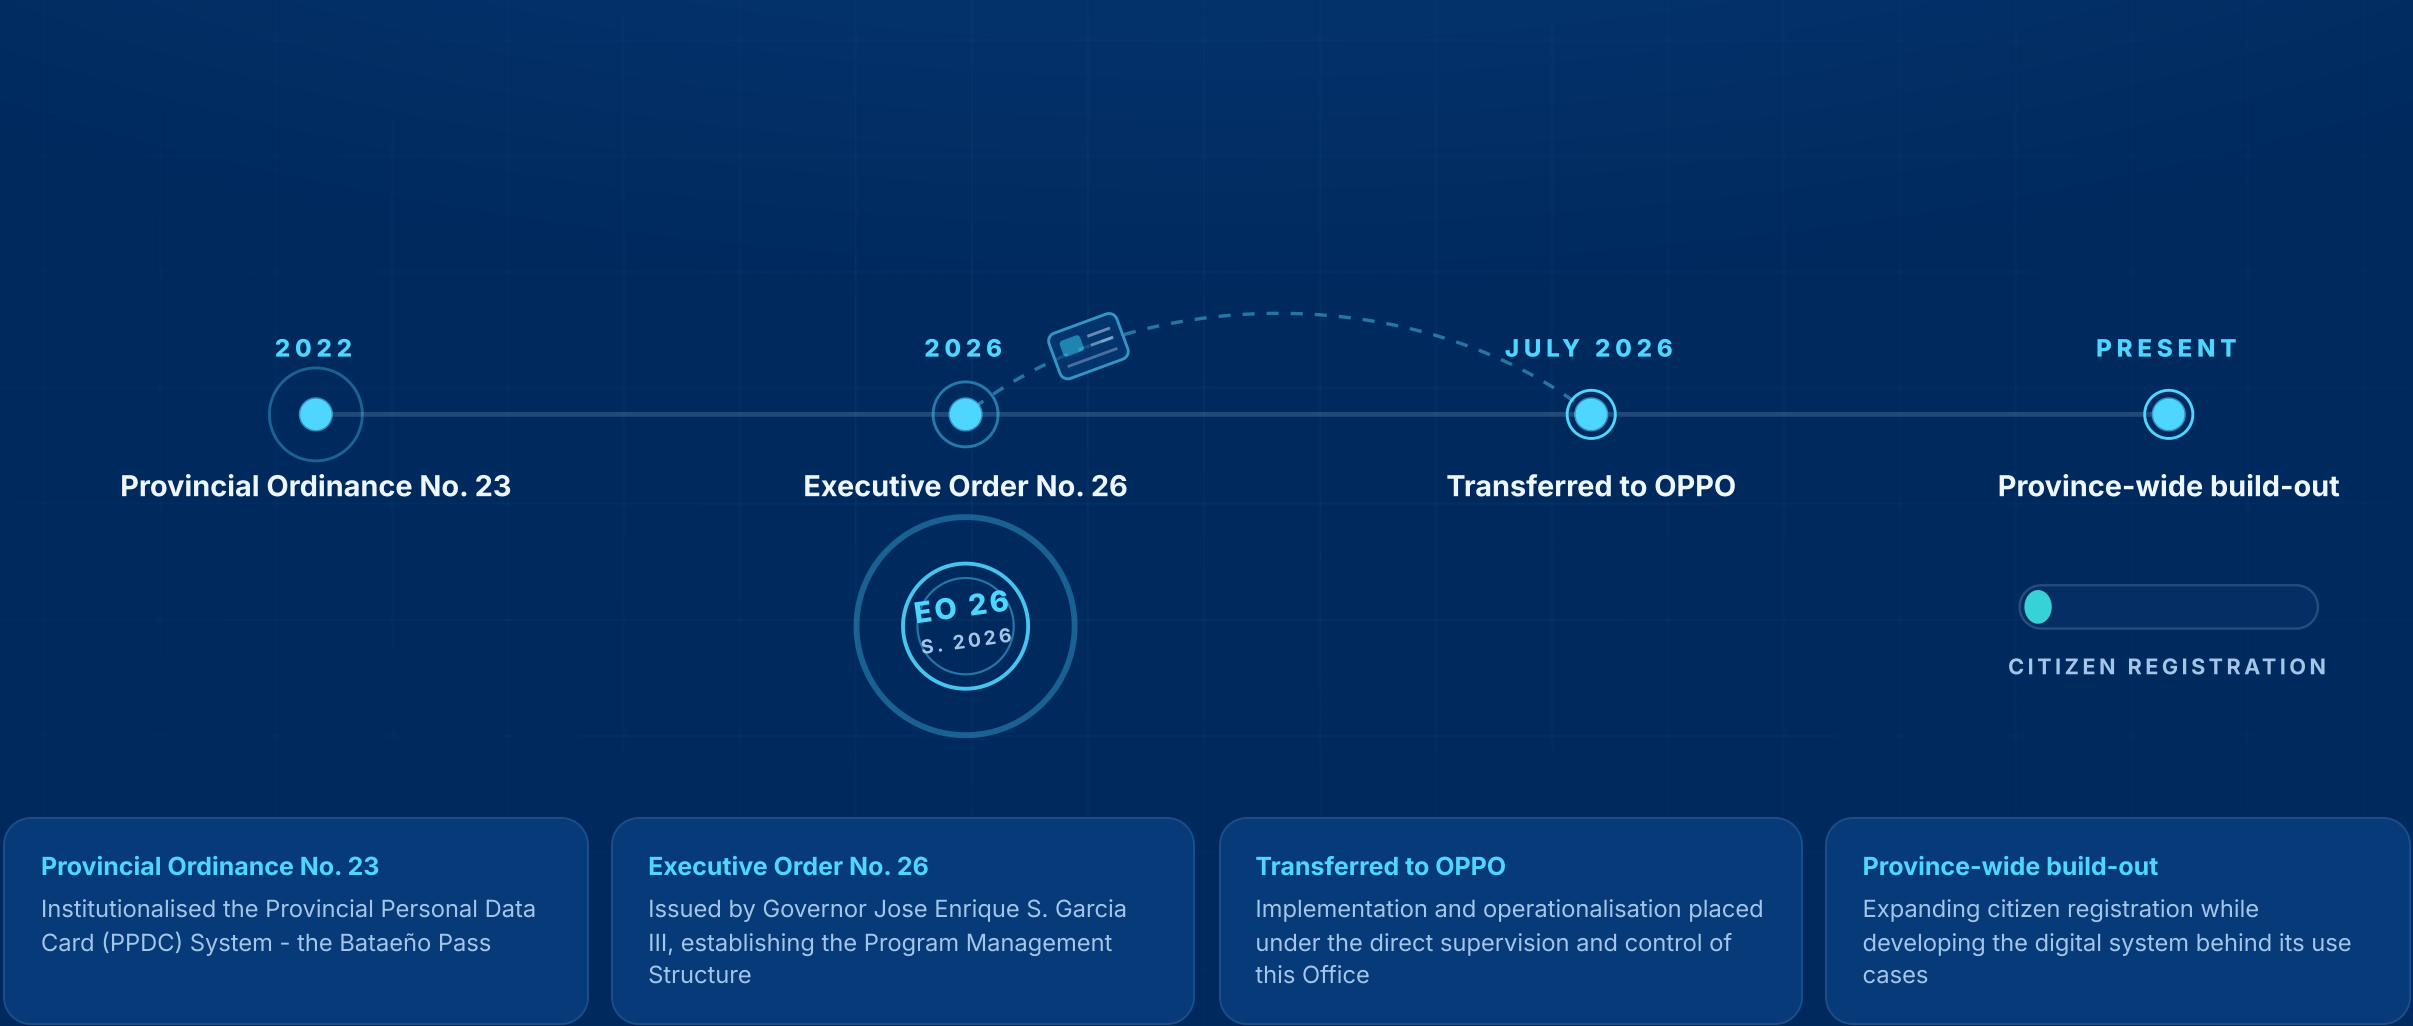

FROM
managing how many people we have

TO
human capital, workforce capability and economic growth

The Bataeño Pass comes under this Office

What a Bataeño is actually issued

1 Issued by the Province

The provincial seal and this Office's mark sit together on the face. Under EO 26, s. 2026, the Pass is carried by OPPO.

2 One name, province-wide

A single citizen identity across the use cases — school implementation, Libreng Sakay, social services, READI, Bataan Jobs, Iskolar ng Bataan, BHSS, EduChild.

3 Dambana ng Kagitingan

The shrine, the sea turtle, the contour of the province. The card says where its holder is from before it says anything else.

The card is the visible half. The registry and the digital system behind it are the other — and that is what the provincial offices build their use cases on.

BATAEÑO PASS · CARD FACE · REGISTRATION ONGOING PROVINCE-WIDE

ALIGNMENT

The 2030 Bataan Strategy Map

Our PPAs do not sit beside the Province's strategy. They sit inside it.

By 2030, Bataan is a highly livable Province and home to diverse economic investments resulting in resilient families

Constituency — easier access to rights-based and needs-based services. **Internal Process** — harmonise national and local programmes, and engage stakeholders as partners in implementation.

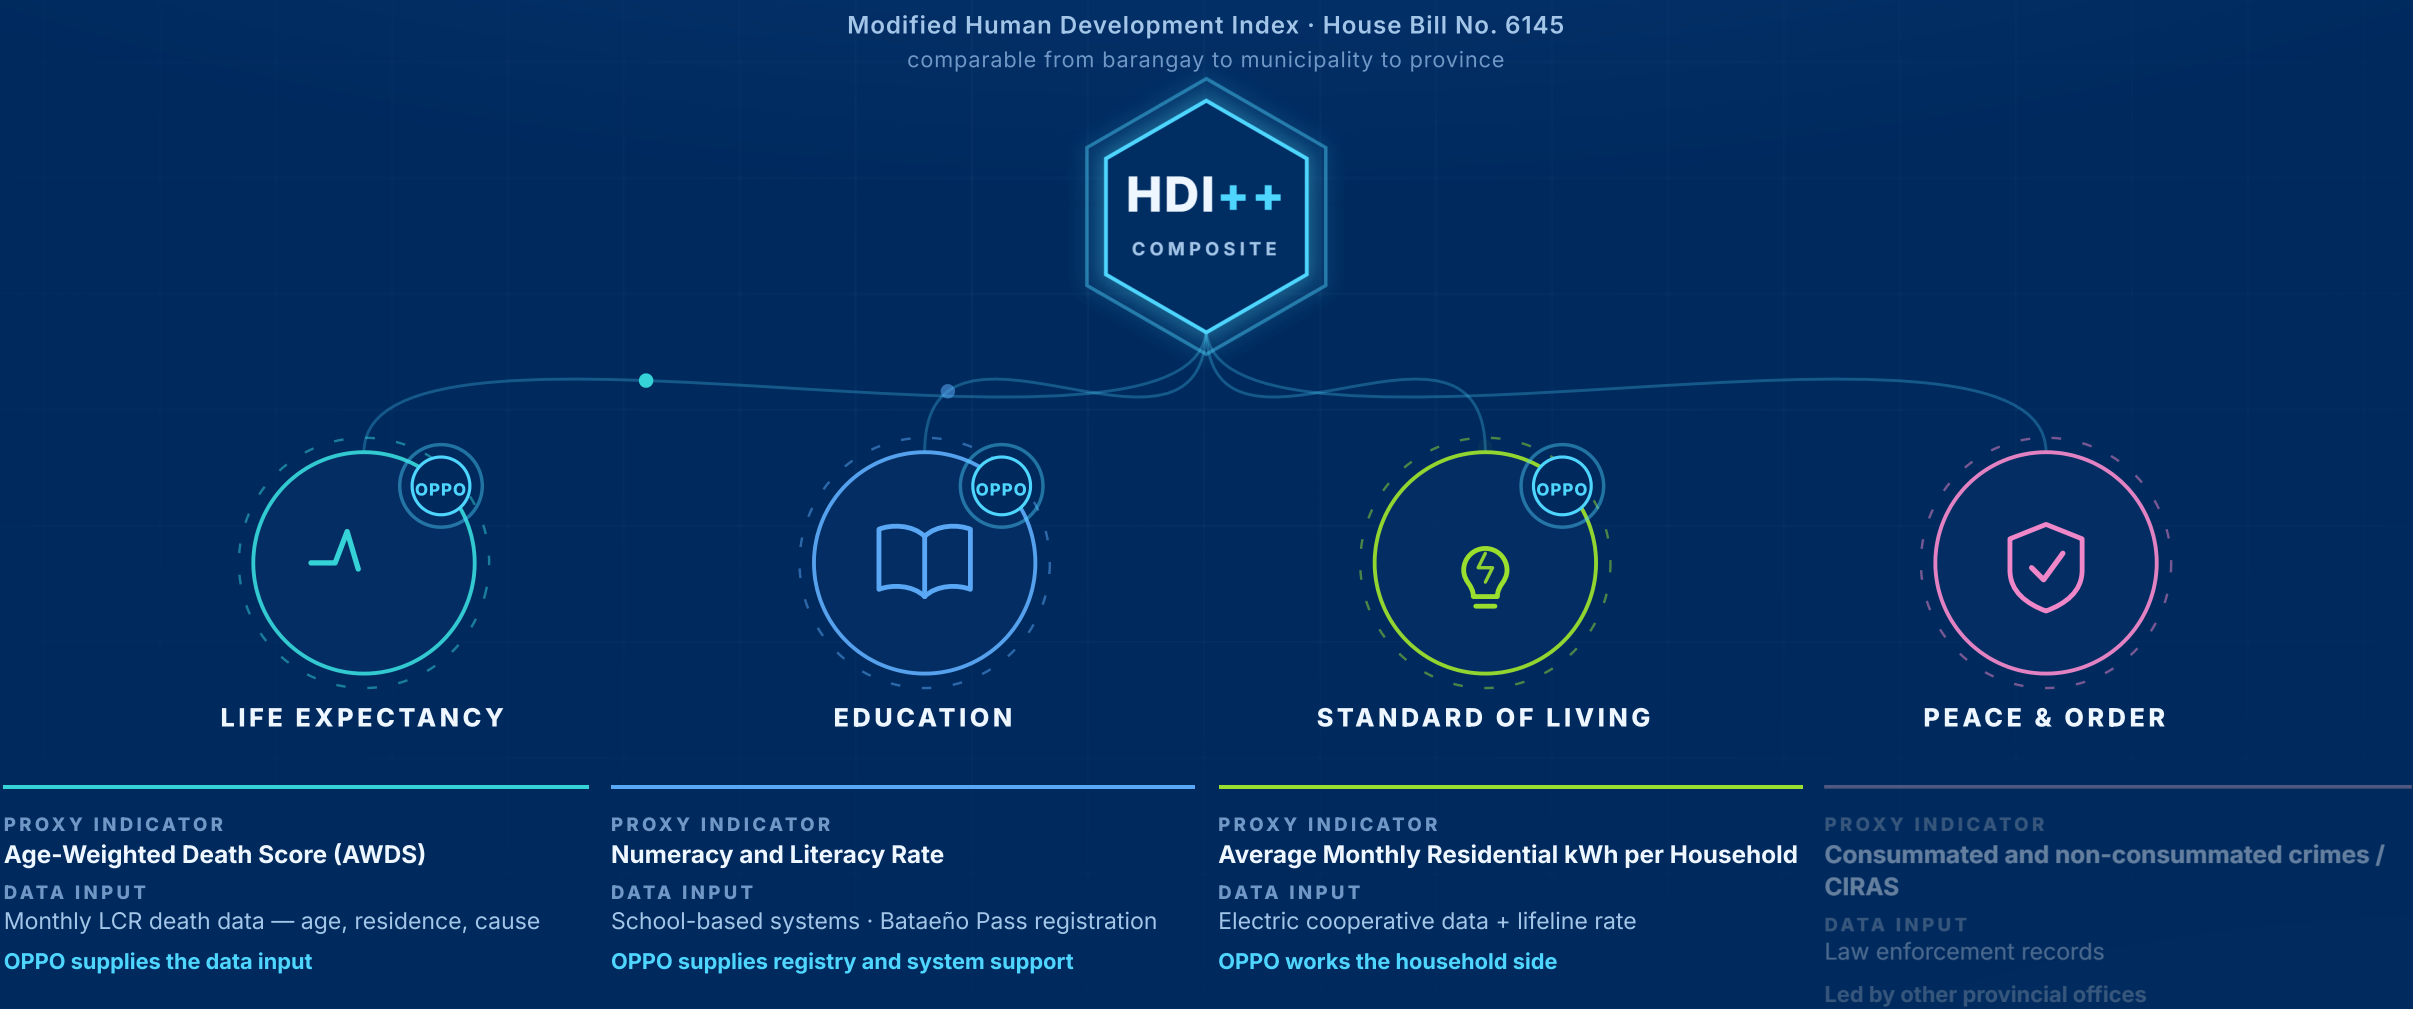

MERITOCRACY

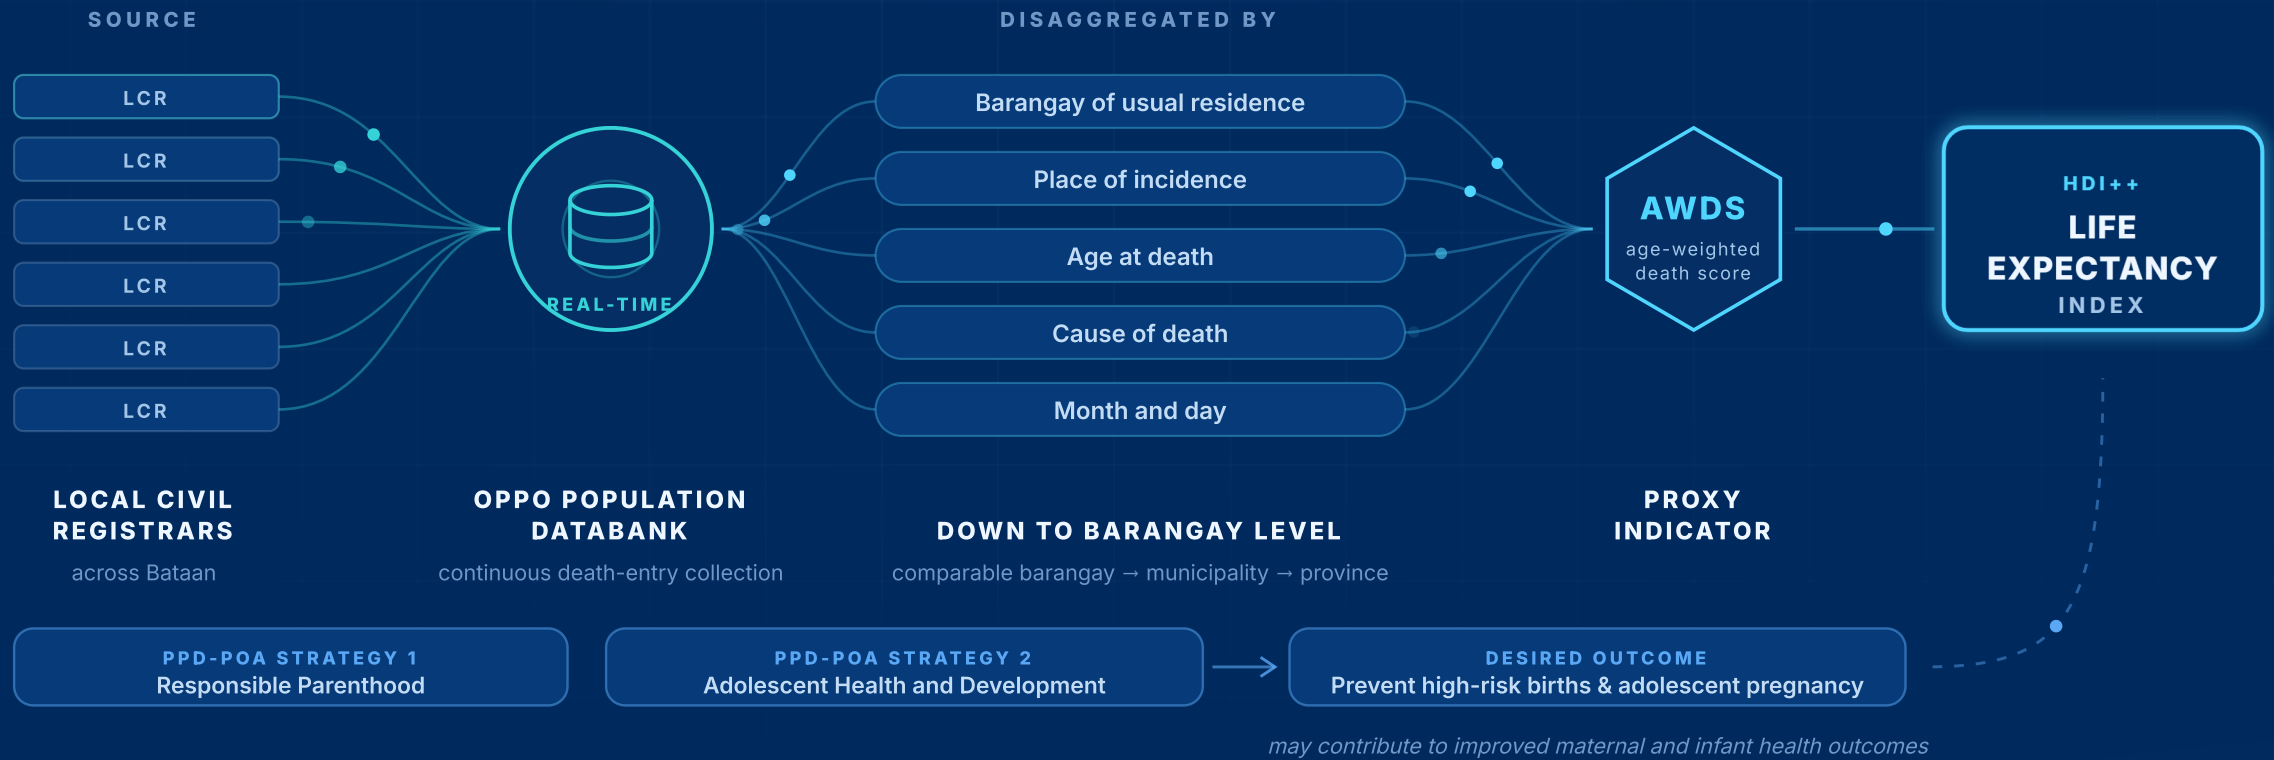

Bataan's HDI++ framework

Public Governance Meritocracy Act · House Bill No. 6145. Reaping the demographic dividend means translating population dynamics into measurable progress.

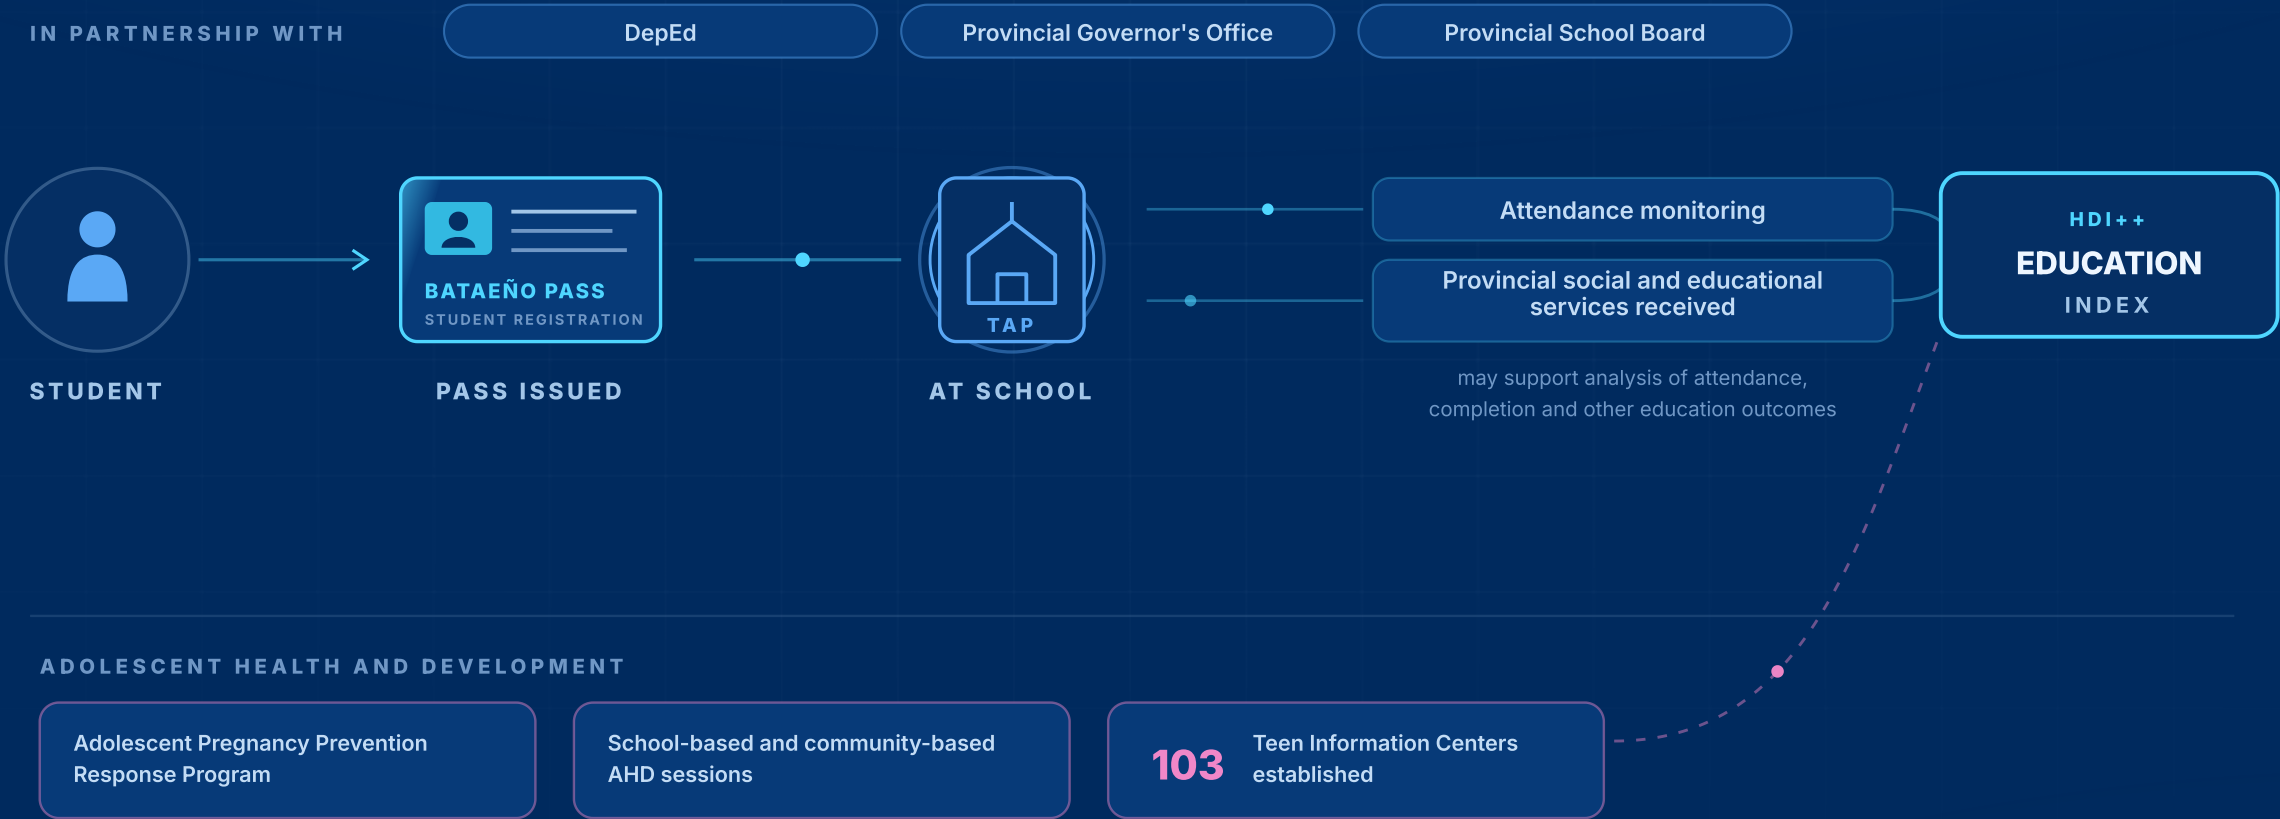

Four dimensions, one composite index

Real-time mortality data, barangay-deep

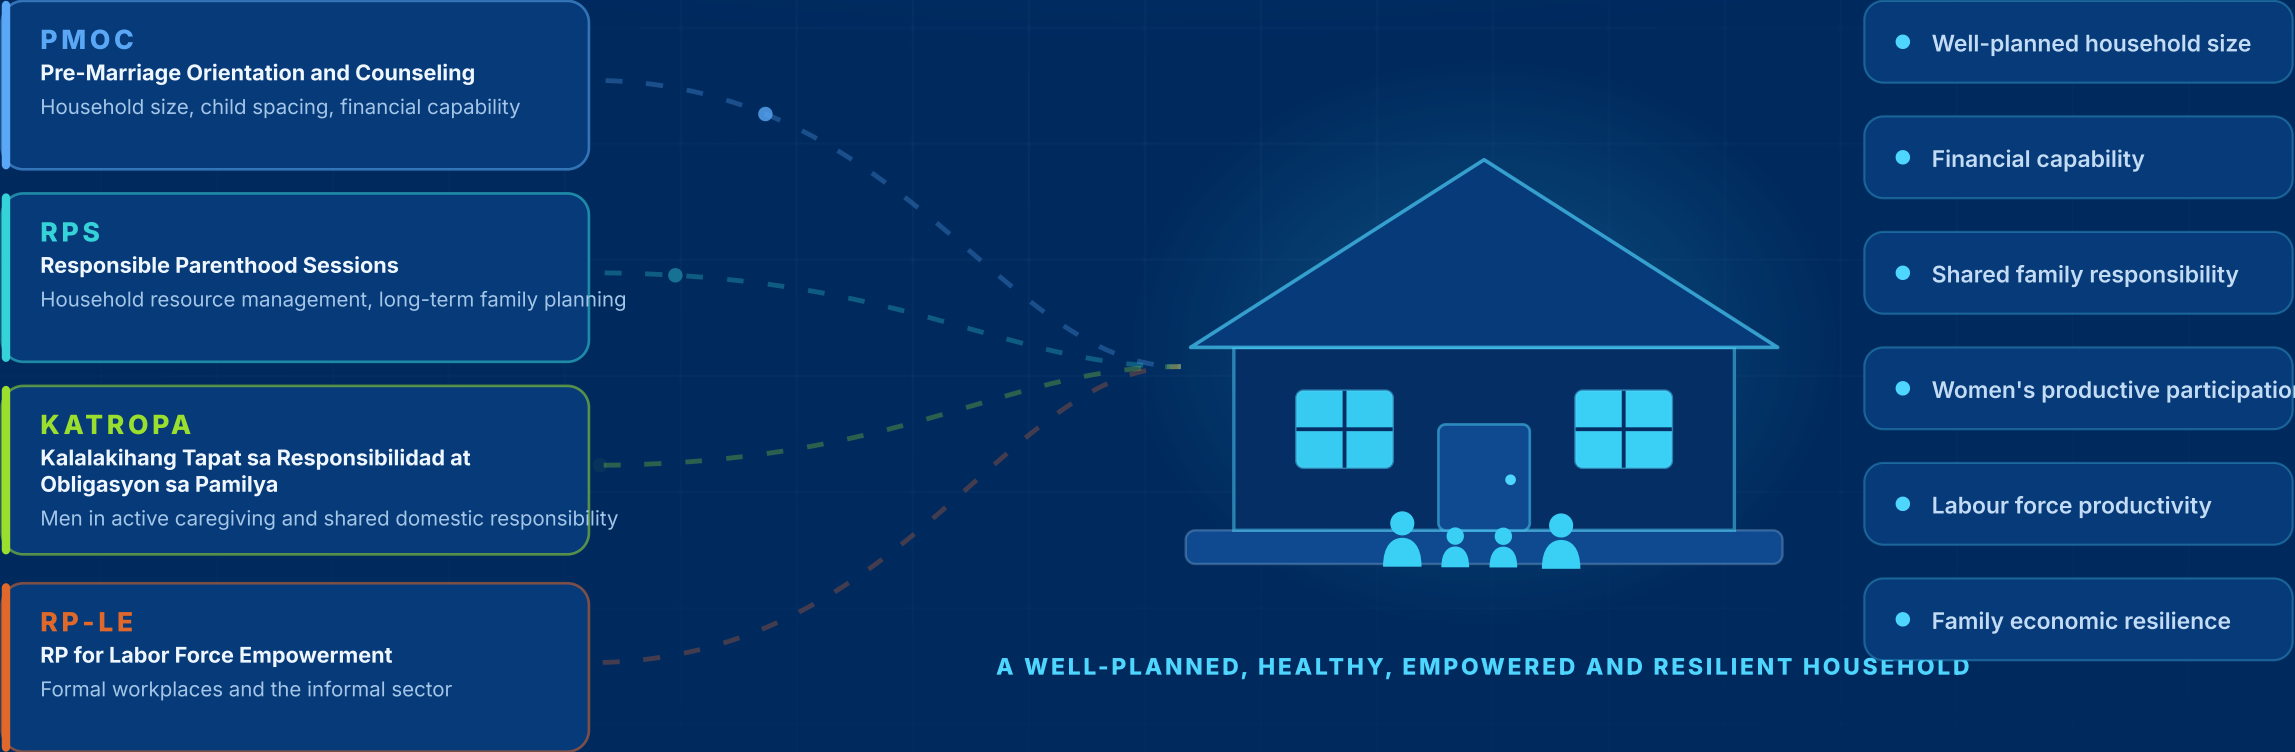

Bataeño Pass student registration

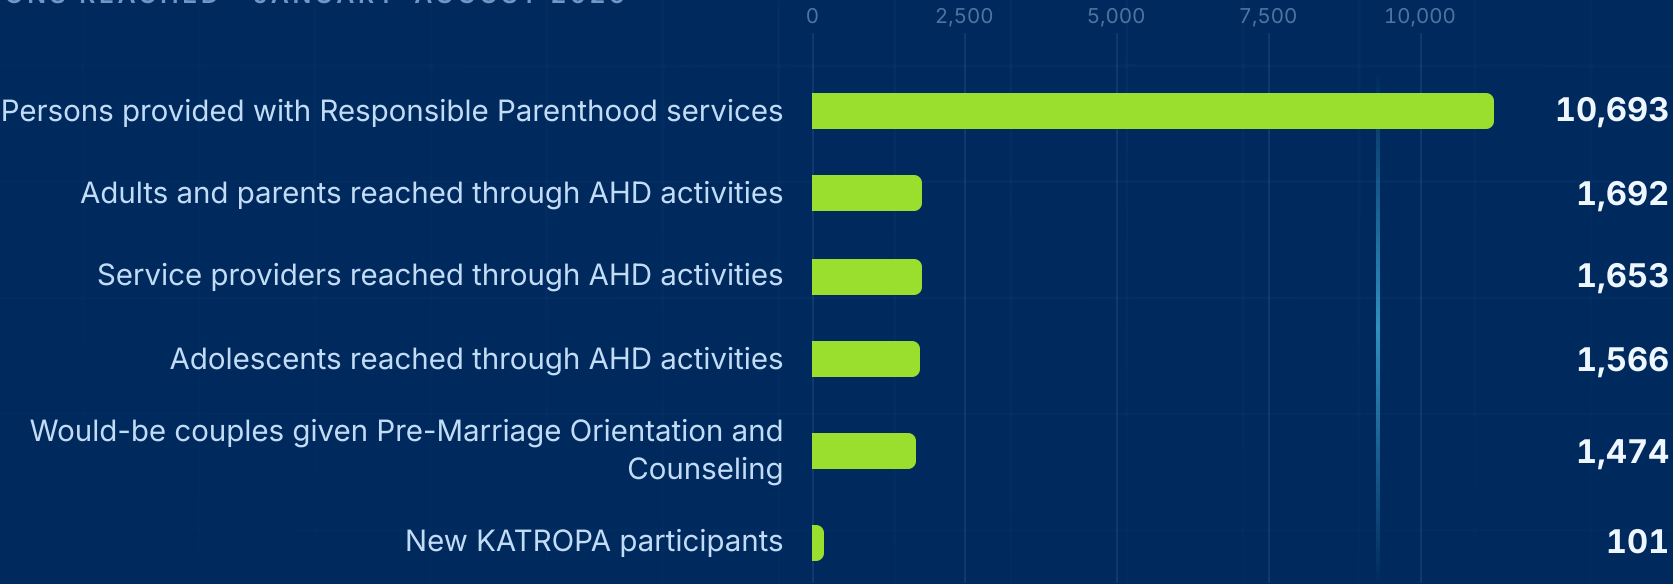

protecting the educational opportunity and the health of Bataeño youth

Four programmes, one resilient household

What that has meant this year

PERSONS REACHED · JANUARY–AUGUST 2026

103

CENTRES

Teen Information Centers established

5

SESSIONS

KATROPA sessions conducted

Reported as of **August 2026**. Counts are of persons served, except where the tile states otherwise.

System support for HDI++

SERVICE · IDENTIFIED USE CASES

DATA · CITIZEN REGISTRY

- A standardised citizen registry
- Verified, barangay-disaggregated information
- A system for capturing and organising it
- May support future human-development analysis

WHO DOES WHAT

The respective provincial offices remain responsible for implementing and delivering their programmes and services. The Bataeño Pass provides the system and citizen registry infrastructure that supports their use cases.

MODERNISATION

Artificial intelligence in operations

To modernise continuously — without increasing administrative bloat.

A force multiplier, not a replacement

01 Software development & system maintenance

Bataeño Pass · code generation, refactoring, automated testing

75-77%

Routine setup
FASTER

59%

Automated security
testing
FASTER

49%

Bug fixes
FASTER

Supporting continuous system development and maintenance.

02 Fieldwork, data governance & administrative work

Where the data meets the ground

- Analyse demographic trends
- Generate smart heatmaps
- Optimise field-worker visits
- Accelerate report generation and data cleaning
- Surface trends, inconsistencies and errors

03 Public advocacy & communication

Complex metrics, made legible

- Translate demographic metrics into plain language
- Presentations and infographics
- Localised scripts for community symposia

Without increasing administrative bloat.

COLLABORATION

The heart of POPDEV

AI is a digital force multiplier. Human collaboration is what gives every POPDEV initiative its purpose and its life.

No initiative here belongs to one office

REGISTRATION & OPERATIONAL SUPPORT

- 1BOSSCO
- LGUs
- Barangays
- Congressional District Staff

COMMUNITY GROUNDWORK

- Barangay Population Workers (BPVs)
- PMOC Counselors
- Local Community Partners

Compassionate, face-to-face engagement

INTERNAL TEAMWORK

- Programmers
- Administrative Officers
- Data Analysts
- Field Workers

one unified workforce

Human collaboration gives purpose and life to every POPDEV initiative

PROGRAMME INTEGRATION & USE-CASE OFFICES

- Provincial Governor's Office
- DepEd
- Provincial School Board
- Legal Office
- PIO
- PITO
- PSWDO
- PDRRMO
- PESO
- PG-ENRO
- Iskolar ng Bataan

Why we do any of this

Behind every number is **a person**.

Behind every registration is **a family**.

Behind every dataset is **a community**.

Behind every program is **the hope of improving someone's life**.

We are not simply managing demographic information. We aim to use population knowledge to help government understand people, plan better, connect services, and contribute to human development.

FROM HUMAN NUMBERS TO HUMAN LIVES
